AMENDMENT

Assistant Commissioner for Patents
Washington, D.C. 20231

Sir:

In response to the Office Action mailed November 4, 1999, please amend the
above-referenced patent application as shown below.

In the claims:

Please amend claim 1 as shown below.

- Sub 31*
61
1. (Thrice Amended) A system for processing and reconciling information
comprising:
an information processing system having a memory and a processor;
means for entering first information and second information, each of said first
and second information including [an ordinal interval] a plurality of ordinal intervals; and
means for reconciling said first information and said second information by
constructing at least one list having a selected one of the ordinal intervals.

Please amend claim 4 as shown below.

- E2 Sub 33*
4. (Amended) The method of claim 3, wherein said creating step includes:
determining a data set structure suitable for synchronizing information
between the first and second data sets;
